

Discover

•EDINBURGH•
THE CITY OF EDINBURGH COUNCIL

WHAT IS DISCOVER?

DISCOVER IS A HOLIDAY PROGRAMME FOR THE WHOLE FAMILY!

The Discover programme and supports are offered to low income families who have been recommended by their primary school as likely to benefit from help to meet the cost of living, providing food and activities during the school holidays. *Recommendations last for 2 years.*

Discover will run in your local area during the school holidays. Tuesday's & Wednesday's will be held in the school or setting, and a trip day on Thursdays.

There will be food & fun activities, including arts & crafts, music, sport and the opportunity for family support and trips.

You will be invited by email 3-4 weeks before the holidays begin, to sign up to attend and/ or book an ingredient box containing recipes and ingredients to take part in cooking activities.

Once you have been recommended you will also be contacted by a member of the Discover team who will welcome you to the programme and give you more information.

You can talk through any questions you have with the Discover Team when we call.

"Every year, we make memories to cherish for whole life time, but this year every help of yours make our life easier, with health and money issues. Thanks a lot you all are stars"

"It's been a wonderful experience trying and discovering new ingredients. I've really enjoyed our boxes and loved having some extra activities to do with the kids"
